L'atelier de Petrus

L'atelier de Petrus

Atelier P. is the newest collection of P.C. Boschmans, a well established Belgian company founded in 1865.

The letter **P.** refers to Petrus Boschmans, the founder of the company who took over the workshop of his master Jaques Joris in 1907. It was Petrus who made the goldsmith and family business into a great success and established the brand name 'P.C. Boschmans' in Belgium, France and the Netherlands.

Over the years, the company has acquired an exceptional knowledge of craftsmanship, always striving for the highest quality.

This century-old tradition is still being practiced by his great-grandchildren and the employees of the company. Together they still share the same passion for creating iconic pieces.

As a tribute to Petrus, we decided to relaunch some of his creations together with other designs that have been crafted through the years by his successors. Each item has been given a name of a family member who worked (or are still working) for the firm. This, to keep their legacy alive.

The collection

Atelier P. has been divided into four themes. No matter which style you prefer, there is something for everyone.

The *Retro Collection* takes you back in time. Meet the five children of Petrus Boschmans through these edgy, classic and original wedding rings.

If modern design is what you gravitate towards, you'll prefer the **TRENDY COLLECTION**. It distinguishes itself by its peculiar finish and contemporary look.

Less is more, Petrus couldn't agree more.

The **TIMELESS COLLECTION** is based on his very first design. The fact that those wedding rings are still very popular after more than 100 years, gives an indication that "some things are meant to last".

The brand Atelier P. wouldn't be complete without a cool but sophisticated *engagement collection*. We love to be unique and stylish. So we designed a colorful collection uniting diamonds, sapphires and morganites.

Our wedding rings are made in
the highest quality 14kt & 18kt gold.
